Åse Fixture

Platform engineer with experience in accessible and reliable application workflows

ase@example.test Oslo, Norge

PROFESSIONAL SUMMARY

- R01 Builds reliable and accessible career software using documented evidence.

PROFESSIONAL EXPERIENCE

E01 Workflow and integration engineer

Nordlys Fixture 1

- B01 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B02 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B03 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

E02 Workflow and integration engineer

Nordlys Fixture 2

- B04 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B05 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B06 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

E03 Workflow and integration engineer

Nordlys Fixture 3

- B07 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B08 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B09 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

E04 Workflow and integration engineer

Nordlys Fixture 4

- B10 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B11 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B12 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

E05 Workflow and integration engineer

Nordlys Fixture 5

- B13 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B14 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

- B15 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

E06 Workflow and integration engineer

Nordlys Fixture 6

- B16 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B17 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.
- B18 Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers. Developed reliable workflows with accessible navigation, documented source evidence and explicit review for people managing their careers.

EDUCATION

E02 Computer science

Fixture University

E08 Videreutdanning i universell utforming og informasjonsarkitektur

Fixture Academy

PROJECTS

P01 Evidence workspace

- B03 Created a source-grounded review workflow.

SKILLS

- C#
- React
- Norsk
- Accessibility
